

Terrain compressors

CB 600

Compressor with petrol aggregate

Features:

- compression unit with cast iron piston (two-stage compression),
- aggregate motor (petrol),
- intake filter,
- compressed air aftercooler,
- two pressure vessels with CE certificate,
- safety valve,
- air treatment unit with couplings and pressure gauge,
- non-return valve with pressure regulating valve,
- transport wheels,
- condensate drain valve,
- multiple connection of pneumatic tools,
- automatic regulation of operation,
- large air capacity,
- robust construction,
- regulation of max. pressure (up to 10 bar),
- pneumatic tools oiling by air treatment unit,
- high mobility,
- simple handling and transport.

Technical data:

- pressure vessel capacity: 50+50 ltr
- max. operating pressure: 11 bar
- flow capacity (ISO 1217): 600 NI/min
- compr. speed: 900 rpm
- nr. of valves/pistons/stages: 1 / 2 / 2
- aggregate type: Honda GX 270
- motor power: 9 HP
- displacement: 270 cc
- fuel: unleaded petrol
- engine start: manual
- dimensions L/B/H: 1070 / 920 / 1100 mm
- weight: 173 kg

Ordering code: 1400515

CD 600

Compressor with diesel oil aggregate

Features:

- compression unit with cast iron piston (two-stage compression),
- aggregate motor (diesel),
- intake filter,
- compressed air aftercooler,
- two pressure vessels with CE certificate,
- safety valve,
- air treatment unit with couplings and pressure gauge,
- non-return valve with pressure regulating valve,
- transport wheels,
- condensate drain valve,
- multiple connection of pneumatic tools,
- automatic regulation of operation,
- large air capacity,
- robust construction,
- regulation of max. pressure (up to 10 bar),
- pneumatic tools oiling by air treatment unit,
- high mobility,
- simple handling and transport.

Tehnični podatki:

- pressure vessel capacity: 50+50 ltr
- max. operating pressure: 10 bar
- flow capacity (ISO 1217): 600 NI/min
- power transmission: belt
- compr. speed: 900 rpm
- nr. of valves/pistons/stages: 1 / 2 / 2
- motor power: 8 HP
- displacement: 349 cc
- fuel: diesel
- engine start: manual
- dimensions L/B/H: 1070 / 920 / 1100 mm
- weight: 173 kg

Ordering code: 1400505
